01 **Homecare and Industrial Detergent Powders**

AECI Industrial Chemicals supplies a range of homecare and industrial detergent powders. These products find common application in liquid laundry products, dishwashing liquids and washing powders as well as industrial surfactants and disinfectants.

02 **Agricultural Chemicals**

AECI Industrial Chemicals supplies a range of agricultural chemicals, including insecticides, fungicides, herbicides and plant nutritional products. Our approach aims to assist the industry in a sustainable and responsible manner.

03 **Industrial Bulk Chemicals**

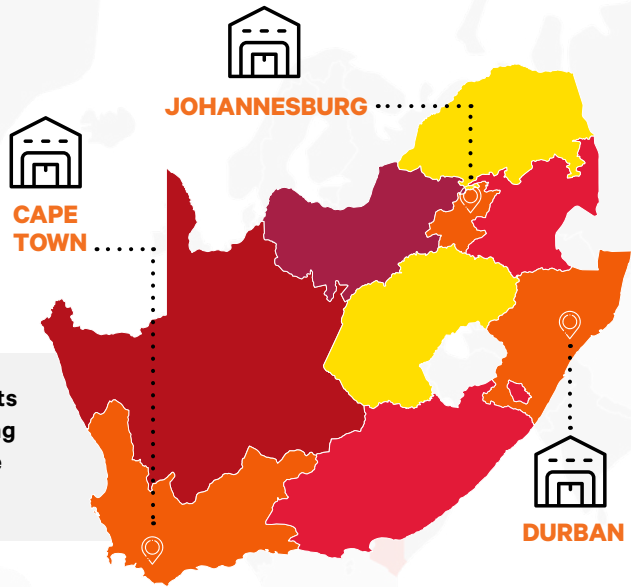

AECI Industrial Chemicals is one of Southern Africa's largest bulk chemical suppliers, and is able to differentiate products to meet end user requirements. Our bulk industrial chemical portfolio, including phosphates, resins and sulphates among others, finds application across over 16 industrial sectors.

COMMODITY SUPPLY AND DISTRIBUTION

POINTS IN 3
PROVINCES**

The highest quality products are sourced from our leading global trade partners at the most competitive prices.

AECI INTERNATIONAL TRADE OFFICE

A number of trade partners support AECI Industrial Chemicals globally, sourcing the highest quality products at the most competitive prices.

In China, the AECI Group has an office dedicated to the sourcing and procurement of chemicals and maintaining solid relationships with producers.

This provides further advantage in obtaining continuous commodity supply without compromising quality.
